

SCHOOL PARTNERSHIP AGREEMENT

.....SCHOOL AND.....SCHOOL

Facilitated by TLMEW and TLM Trust India

A commitment is made by School and School to work together to develop the understanding of their pupils and teachers about the world they live in and assist each other to overcome the challenges they face each day to provide a quality education for all. We will do this in the knowledge that the challenges which confront our institutions and communities can be addressed through mutual support, cooperation and collaboration. The focus will be on sharing learning, not providing financial support. We will respect and relate to each other on institutional matters as appropriate, particularly initiatives to raise standards by improving teaching and learning.

.....School and School commit themselves to work in partnership to:

- develop shared curricula materials
- carry out joint projects / programmes of study
- facilitate teacher and pupil exchanges
- share best practice
- communicate, at least monthly, on joint initiatives

.....School and School agree that The Leprosy Mission Trust, India shall manage the relationship and we will provide a six monthly report (appendix A) to highlight successes, issues and plans for the next six months. We therefore agree to adopt this Partnership Agreement as a statement of our commitment to the development of a meaningful relationship between our education institutions.

THE PARTIES TO THIS MEMORANDUM OF UNDERSTANDING AGREE TO ITS ADOPTION ON THEDAY OF THE MONTH OF..... IN THE YEAR
